Dear Mr. Freeman,

A Protestant is an individual objecting on the ground of private or public interest to the approval of an Application, Petition, Motion or other matters which the Commission may have under consideration. Comments:

Just wanted to say how disgusted I, as a South Carolina resident, am that you have let us down by allowing the SCANA utility get away with a scam on their customers! I think you should be renamed "Personal Service Commission"! It's evident that you are not looking out for the public! The SCEG customers are on the hook for a nuclear fiasco that was done without our input and will never benefit from the plants! You that have allowed this to happen should be called out and removed from service! You are too cowardly to make a call until December on the fiasco! You are hoping to be bailed out by Dominion taking over SCEG and continuing to fleece the utility customers of South Carolina! You and the state legislators are cowards and incompetent people that need to be fired! You let this problem happen and you need to pay the price for doing so!

Paul Freeman
